Certificates

At the end of each semester the student has to undergo an assessment. Students who have successfully passed both semesters may take part in the final exams, which consist of the composition of a Business Plan. Additionally an oral diploma exam will be conducted.

Successful participants are awarded a Diploma in Hospitality Management/Tourism Management from our Institution. This diploma is acknowledged by the Austrian Ministry of Education as well as numerous international universities.

Industrial Placement

After completion of the course the students have the opportunity to undergo a 3 months industrial placement to stabilize their theoretical knowledge and gain insight into an Austrian tourism enterprise. This practical training is based on availability of practical location and is subject to the Austrian law.

General requirements

- GCE-A' Levels or equivalent, which enables enrollment at a university
- At least 1 year experience in the hotel or tourism industry
- All courses are conducted in English language, so an excellent command of English is absolutely necessary. An internationally recognized certificate proving the knowledge of English (TOEFL, Cambridge or equivalent) is required.
If the student's English language skills are not sufficient the Institute may decide whether he/she has to participate in extra English language course in Austria at his/her own expenses.

Age limit for scholarship applicant: 35 years

Specific requirements can be found on the application form.

German as a competitive advantage

During the course students also learn German. Germany is still the world's main outgoing tourism market; the ability to speak German is thus a competitive advantage.

Accommodation

ITH students are accommodated in Kavalierhaus (www.kavalierhaus.at). It is located next to the Institute in the middle of the Garden of the Castle of Klessheim.

Students share double rooms, computers are available both in Kavalierhaus and in the school.

Scholarship

The Austrian Development Agency offers scholarships to students from Developing Countries every year. Please be aware that scholarships are not automatic, they are competitive and are awarded after a careful selection process by the Austrian Development Agency and the Institute of Tourism and Hotel Management. There are two kinds of scholarships:
