## FOREWORD

This report provides data on persons employed in the Accommodation and Food Service Activities Industry in New Providence. The report contains information on occupation, sex, average hours worked and average basic wages per week for the year 2021. The information provided in the document was obtained from administrative data source of leading Accommodation and Food Service Activities establishments which account for approximately fifty percent (50%) of total employment in these establishments operating in New Providence in 2021. Though limited in this respect, the results do provide valuable information on occupations, average basic wages (*not including mandatory and other gratuities for tip category workers*) and average hours worked in the Accommodation and Food Service Activities sector.

This report, previously named the '**Occupations & Wages Report in the Hotel Industry**' was renamed in 2011 to '**Occupations & Wages in the Accommodation and Food Service Activities Industry**' to comply with revised industrial classification outlined in the International Industrial Classification of All Economic Activities (ISIC 2008). Up to 2012, this report provided data for All Bahamas, New Providence and Grand Bahama and The Family Islands. However, all subsequent reports provide data only for New Providence. The Bahamas National Statistical Institute wishes to acknowledge the valuable cooperation and assistance of participating agencies such as the Department of Labour, The Bahamas Hotel Employers' Association (BHEA) and the Bahamas Hotel Catering & Allied Workers Union (BHC & AWU).

This report was prepared by **Mrs. Cindy Stuart, Statistician II, Mrs. De'Antra Burrows and Ms. Tricia Thurston, staff of the Labour Market Information Unit**. We gratefully acknowledge the assistance of the web administrator responsible for mounting it on the department's web-site.

**Nerissa Gibson**  
**Acting Director**

## DATA HIGHLIGHTS

The COVID 19 pandemic had very strong negative impacts on arrivals across the globe and in The Bahamas in 2020. It precipitated hotel closures across the Bahamas at the end of March 2020 and most of the hotels remained closed for most of the year due to sharp decline in visitor arrivals to the Bahamas.

The effects of the pandemic stretched into 2021, but there was a glimmer of hope as many of the large hotels that were closed at the beginning of the pandemic, had begun to reopen in December 2020 and others in the first half of 2021. With the reopening of hotels, arrivals continued to climb back up again.

In 2021, the number of workers in the **Accommodation and Food Service Activities Industry** in New Providence decreased by 4,068 or 26.5%. The total number of male and female employees decreased by 1,028 (14.6%) and 3,040 (36.7%) respectively. **See Table 3**

**Elementary Occupations** was the largest occupational group in 2021, accounting for 44.1% of all workers in 2021 with 4,973 employees, an increase of 2,049 employees or 70.1% over 2020. This was followed by the **Service and Sales Workers** group with 43.4% and 4,902 employees, a decrease of 911 employees or 15.7% over 2021. **See Table 3**

Average weekly wages of workers in the Hospitality Sector decreased by 14.4% in 2021 when compared to 2020. The average weekly wage decreased for males by 14.9% and for females by 14.3% respectively. **See Table 4**

**In 2021, Managers** earned the highest weekly wage of \$1,100. This was followed by **Professionals Science and Engineering Professional** who earned an average of \$760. However, the lowest average weekly wage of \$275 was earned in the **Elementary Occupational Group**. **See Table 4**

In 2021, the total average hours worked was **31**. Within the Industry, males worked an average of **33** hours per week and females worked an average of **30** hours per week. **See Table 5**
