N.B. <sup>(2)</sup> 2015-2016 figures are preliminary.

<sup>(4)</sup> Beginning in 2001, the SIP system is used as a source for Princess Margaret Hospital's live birth count. In 2015, the Postnatal count was used as a temporary source for the the Public Ward, while the BACESDIN report was used for the Private Ward estimate. Postnatal counts were also used for 2016.

<sup>(5)</sup> The Centreville Surgical and Birthing Centre opened in 1992, and HIRU began a census there in 1996. The Centre closed in 1997.

<sup>(6)</sup> New Beginnings opened in 1995, and Health Information commenced a census in 1996.

<sup>(7)</sup> Includes data from The New Sunrise Medical Centre, Emsley-West End Clinic, and Eight Mile Rock Clinic.
